The Journey

Can this be Sustained?

“We are now enhancing focus and prioritization on all Vision 2030 flagship projects to ensure that national transformation is not a dream but an unfolding reality. We can only achieve this if we deliver tangible results that Kenyans can see and the Government can sustain. **It is the reason that the Office of the Prime Minister is using the Rapid Results Initiatives to realize results within a period of 100 days.**”

Rt. HON. Raila A. Odinga EGH; MP
Prime Minister of the Republic of Kenya

Subject: Taroba Community in Rashad LIU

Dear Nadim:

It is now long time to come back to RRI. As remember in Rashad LIU when Ms Herut said those people who in front of u know well previously but now them became other people with new thinking and planning for the best of their communities. **RRI (*Rapid Results Initiative*) although it started in 2007 but still it is working in old and new communities as the same.**

Taroba basic school attracted school leavers to come back studing and Jumaa Mukhtar is a good example he finished his secondary school examinations and passes exams and succeeded waiting to attend the university.
