

		STREAMS	INFORMAL ← → STRATEGIC & INTENTIONAL				
PARTNER	<b>PARTNER-SHIPS</b>	Let interested partners initiate collaboration.	Develop collaborative/partnership informally or reactively.	Identify and implement strategic communication channels.	Build resilience within partnerships by distributing leadership among members.	Share resources between partners and maximize and deploy existing strengths and assets.	Integrate partners' visions and expertise into existing systems, operations, and budgets.
	<b>LEADERSHIP</b>	Let leadership develop by osmosis.	Send staff, partners, community leaders, and elected officials to learning and networking opportunities.	Plan and implement grassroots and grass-tops capacity building efforts.	Create opportunities for partners and residents, especially youth, to become champions for community health and contribute lasting energy and ideas.		Develop and implement a plan to provide ongoing support and training to elected officials and decision makers.
PROGRESS	<b>ENVIRON-MENTS</b>	Wait for environmental/physical changes to happen.	Seek opportunities to influence new capital and physical projects.	Seek systematic changes in policies, standards, and practices related to long-term upgrades and maintenance.	Ensure that relevant policy/systems changes are implemented.		Ensure that healthy environments become the norm across the community.
	<b>POLICIES / SYSTEMS</b>	Wait for policies and systems to evolve.	Assess needs and conduct audits of policies and systems.	Advocate for priority policy practices, standards, resources, and supports.	Ensure implementation of relevant systems changes that advance/reinforce central policy objectives.	Select strategies that are mutually reinforcing, including a mix of "quick wins," mid-term milestones, and those with potential for long-term support.	Maintain and expand the grassroots and grasstops capacity that support policy/systems.
PREPARE	<b>RESOURCES</b>	No clearly defined process for seeking additional funds.	Ask partners for ongoing commitments of in-kind support.	Write grant proposals for state, federal, and foundation funding and support.	Approach and develop relationships with a variety of funders for larger, longer-term support.	Develop and implement a strategic fundraising plan that tracks performance measures and capacity to secure resources.	Sustain ongoing funding stream.

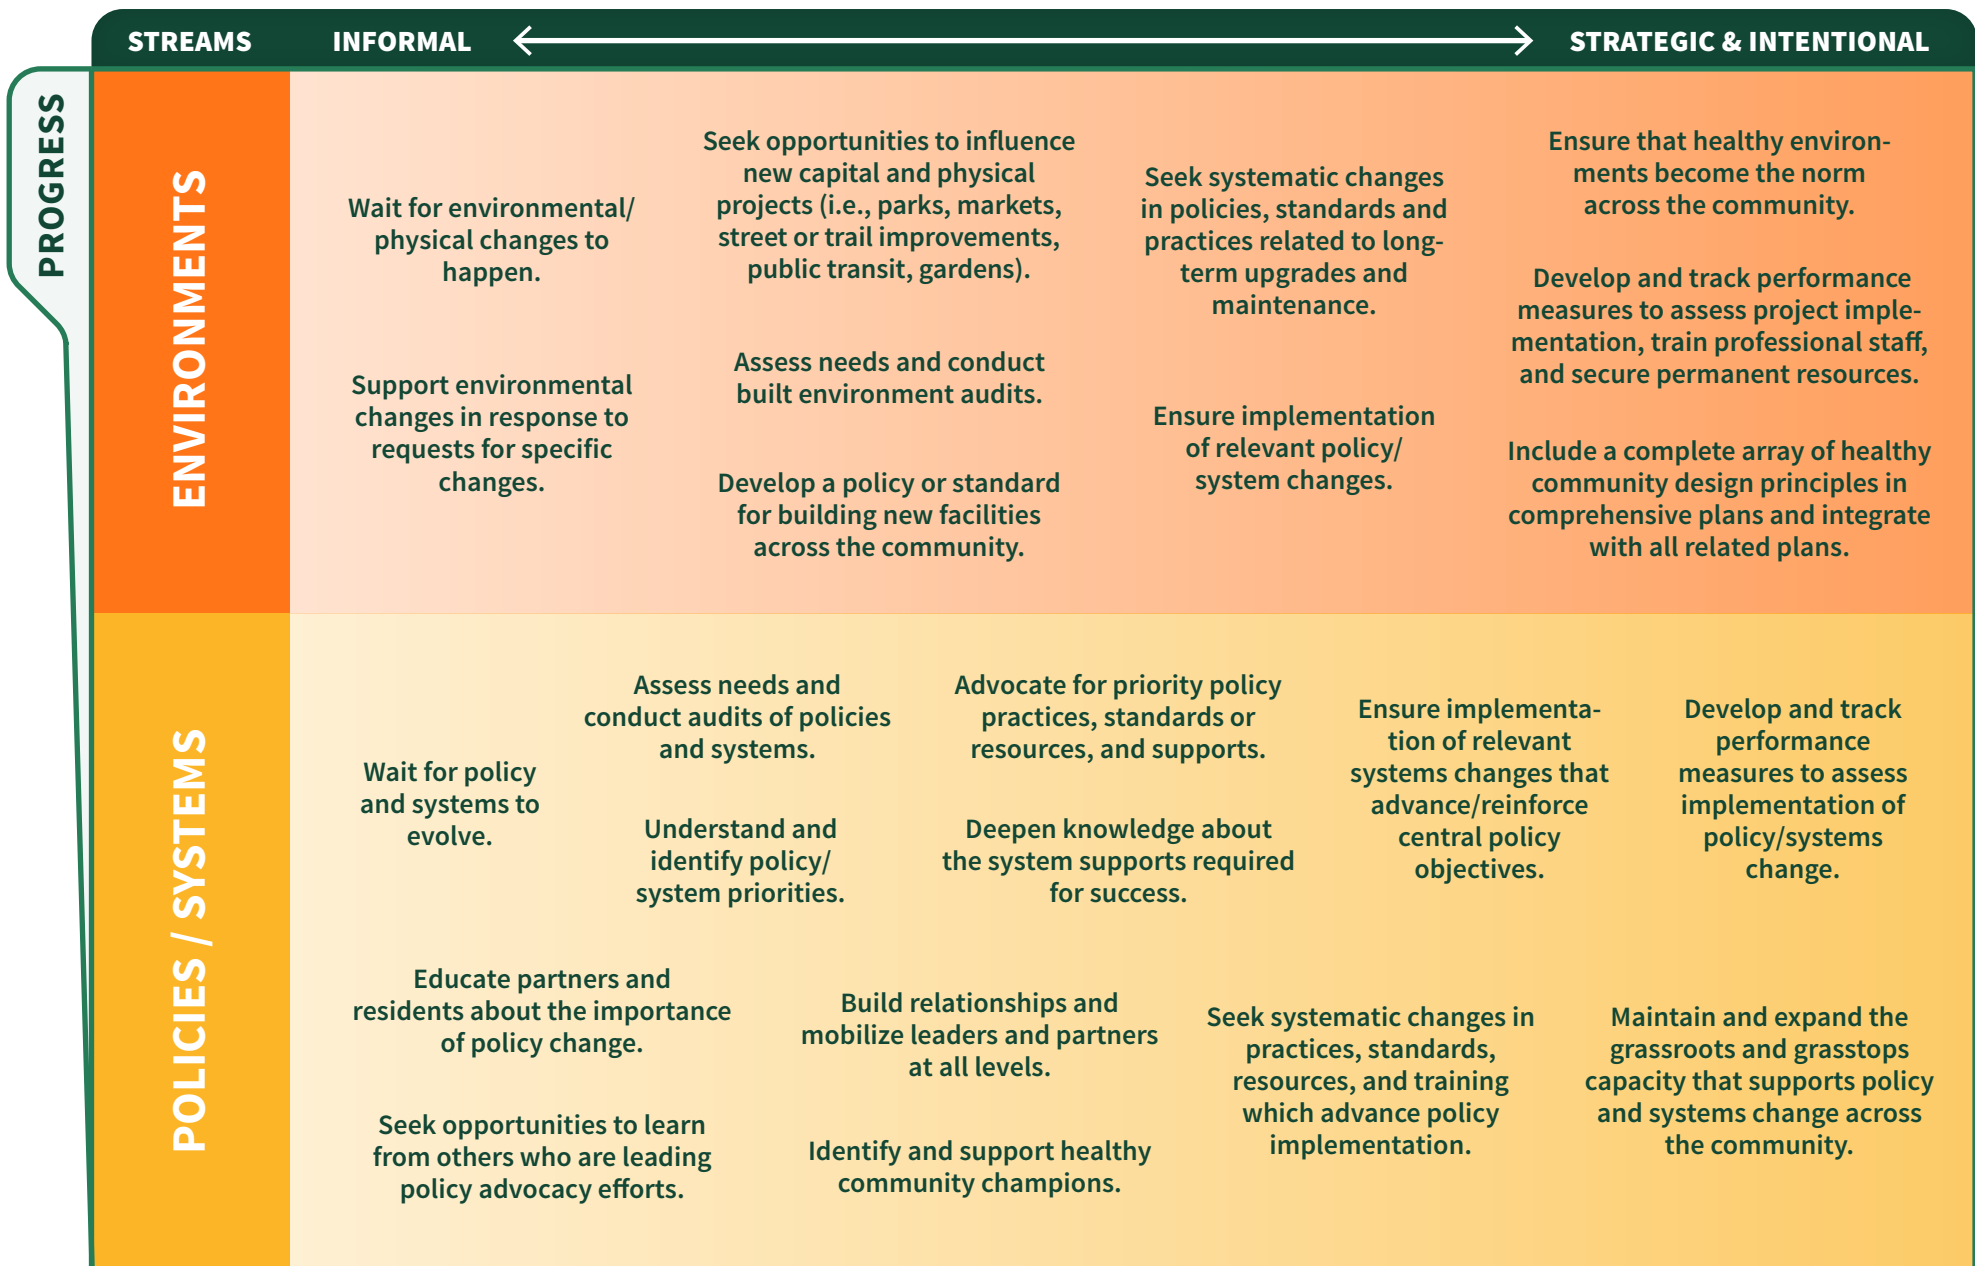

## Sustainability Framework

Healthy Places by Design's Sustainability Framework can help community coalitions and funders incorporate sustainable thinking as an essential practice for healthy community change. The framework is inspired by the triple-bottom-line approach and is modified for community-based work. The sustainability streams address a community's social, environmental, policy, systems, and economic context to identify opportunities to leverage and sustain coalitions' work. The examples in this framework are illustrative and integrated, not prescriptive or necessarily chronological. They are meant to help coalitions and funders assess their work, prime conversations, and identify ways to strategically and proactively achieve sustainable healthy community change.
