Some of our accomplishments

- *Mercado* built into the design of the Peninsula Development project. (Former Spofford Detention Center) right next to UHP's wellness center
- Year round, on going food box program
- Community Action Group
- Partnership with GrowNYC, leading to funding and research
- Establishment of The Hunts Point/ Longwood Coalition
- Inclusion in the redesign of Monsignor Raul de Valle Square

Food Box Program

Community Action Group

Fitness Classes

Hunts Point Neighborhood Clean-Up

Self Defense Workshop

Shop Healthy Expo

Play Street

Co- Design Research

Pathways- Hunts Point Wayfinding

Way Finding

Lessons Learned

Public Health and Design Research is all about Context

Understanding the daily experience of the community, the lived realities of the everyday

We can Design for Health Equity

It takes intentional policy, complementary socio-material resources and place-based knowledge to improve health outcomes

Policies Affect and Effect

Ex. CitiBike/Jump

Reflections
