  - Glasses Website (blue light blocking glasses recommended by multiple people in chat) - <https://zennioptical.com>
  - Virtual Event Resource Comparison Tool - <https://tycoonevents.ca/virtual-event-resource/>
  - July 28<sup>th</sup> Affinity Session Registration Link - <https://us02web.zoom.us/meeting/register/tZcsduCtqz4uEtP-vMNtF73cow7PMeAl59wc>
  - August 27<sup>th</sup> Webinar Registration Link - [https://us02web.zoom.us/webinar/register/WN\\_ZZ-EW6S0TVOXPwBCQab4Sg](https://us02web.zoom.us/webinar/register/WN_ZZ-EW6S0TVOXPwBCQab4Sg)
- **Helpful tips from peers:**
  - Ways to engage attendees virtually:
    - On larger calls, the use of Zoom breakout rooms to engage and discuss with one another in smaller groups.
    - Virtual games using tools like [Kahoot](#).
    - Using Zoom with [Nearpod](#) to give young people more ways to engage during workshops, meetings, etc. It gives participants the opportunity to draw answers, polling, create answers to a collaborative board, etc.
    - If anyone is interested in diverse virtual tools, just search “EdTech tools and apps” and you can find really cool stuff.
  - How has your organization attempted to address bandwidth accessibility/digital access issues during COVID-19?
    - We chose to do our programs/parent sessions virtually and addressed bandwidth connectivity by using social media instead of zoom. This is mainly due to most people having a version of social media/ smartphones.
    - We had difficulty connecting with our adult students due to poor internet access. Used email, phones, and posted assignments on agency Facebook page.

- **Attendee Log** – we are including a registration/attendee log for this session for follow up or to share resources with. Enjoy!
